

FACTS ABOUT TEETH

Tooth enamel is the hardest substance in the human body!

In prehistoric times, kids did not have tooth decay! That is because sugar was not part of their diet.

In your entire lifetime, you will spend around 38.5 ENTIRE DAYS brushing your teeth!

Giraffes only have bottom teeth!

If you are left handed, you will chew your teeth on the left side of your mouth. If you are right handed, you will chew your food on the right side of your mouth!

Tongue fact: not one tongue is identical to another! Your tongue is unique to you.

Teeth are the only part on a human body that cannot repair itself - that is why it is so important to brush and floss daily!
